***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: The claims are distinguishable over the prior art. As per claim 13, the prior art fails to disclose "the controller being further configured to receive, from the terminal apparatus, another IP address assigned to the terminal apparatus when the predetermined time period elapses ... based on the another IP address assigned to the terminal apparatus, the another IP address being distinct from the one IP address" Independent claims 19, 24, and 25 disclose similar limitations. Claims 14-18 and 20-23 are allowable due to their dependency on claims 13 and 19, respectively. Examiner notes that claims 1-12 are cancelled by the applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
